

# MULTIBOND

## Product Description:

MULTIBOND, a high-density, high-compressive strength, bonded urethane carpet cushion manufactured specifically for use in glue-down cushion installations in extra-heavy traffic areas. Polypropylene mesh lamination is applied to the surface of the cushion to make it suitable for gluing to the carpet. This bonds the carpet and cushion together to avoid carpet wrinkling and re-stretch problems common to stretch-in installations, and provides the durable comfort of a cushion under any carpet in commercial applications.

## Physical Properties:

Construction	Bonded Urethane
Color	Red
Weight Class	10 lbs./cu. ft.
CFD @ 65% Deflection (Compression Force Deflection)	12.94 PSI
Roll Size	25 sq. yds.=225 sq. ft.
Roll Length	37.5 ft.
Roll Width	6 ft.
Thickness Available	1/4 in.
Lamination	Red Polyethelene with Extra-fine Polypropylene Mesh
Ohio Building Code & BOCA ASTM E-84 (Tunnel Test)	Class II Building Material
Flame Spread	45
Fuel Contribution	15
Smoke Density	80
Recommended Traffic	Heavy Duty Residential Extra-heavy Commercial (3/8" Max)
FHA Certification	UM-72a Class II Installations (1/4" Min)

## Warranty: *Gold Seal Lifetime Warranty*

Scottdel warrants this product to be free of manufacturing defects and will replace defective cushion, free of charge, for the life of the original carpet under which it is installed. This warranty is valid only if the cushion is installed in accordance with industry standards, and covers both cushion and replacement costs.cushion
